

BCIS INITIATES EMPLOYER HOTLINE

August 18, 2003

The BCIS recently initiated a separate telephone information number specifically for employment-based petitions. Employers may avoid the general BCIS National Service Number and instead speak with more knowledgeable and effective customer service personnel who deal exclusively with employment-based petitions received by the BCIS. The new BCIS customer service number for employment-based petitions is 800-357-2099.

If you are a current client of Immigration Support Services, we are happy to contact the BCIS on your behalf to make any necessary inquiries.
